

# WHAT A DAY

There's a tug upon my heart  
Like a knock upon the door  
The Saviour is calling me  
Says He's coming very soon  
Keep watch for His return  
It's just a matter of time

*What a day that will be  
When my Jesus I shall see  
There'll be no more sorrow  
No parting there  
When I look upon His face  
Into His eyes of grace  
What a love, what a Saviour  
What a day that will be*

When He takes me by the hand  
Beside Him I will stand  
With the One who gave His life for me  
There'll be peace forevermore  
It's the home my heart longs for  
With open arms He'll welcome me
